UHONE HEZEKIEL MAMAILA

Final Year Bcom Information Systems Student | University of Johannesburg

PROFILE

I am a third-year Bcom Information Systems student at the University of Johannesburg with a strong passion for software development. I am committed to mastering new technologies and am eager to apply my knowledge in a dynamic and innovative software development environment. With excellent communication, analytical, and problem-solving skills, I am focused on contributing to impactful projects and advancing my career as a Software Developer.

EDUCATION

Thengwe High School   **2017 - 2021**
National Senior Certificate (Matric)

University of Johannesburg   **2022 - Present**
Bachelor of Commerce in Information Systems.
- Awarded certification in Artificial Intelligence in the 4IR.

Relevant coursework and projects
- Developed a mobile application for reporting pipe leakages around Johannesburg. The app allows users to submit reports, which are then managed via a React-based dashboard, facilitating efficient tracking and resolution of issues. This integrated solution enhances urban maintenance through seamless user interaction and real-time data management.

EXPERIENCE

Achievements   **August – November 2023**

- Participated in and graduated from the JBS Innovation Lab Programming & GRIT Bootcamp, awarded the Top Programming Talent certificate with Distinction for outstanding proficiency in problem-solving, algorithms, and Python programming
